

# Pawsitive Steps Dog Training

“Enjoy Your Dogs!” (206) 799-0521

Puppies are a lot of fun, but they also take a lot of work! Puppies require near-constant supervision. They potty frequently and without good home management, your floors become the puppy’s toilet, your fine furniture becomes their chew sticks and your hands become teething rings. Add in time for extremely important early socialization, basic training to set up good habits, taking care of the kids, other animals, a career, daily life, and household chores... The fun can quickly become chaos and you get exhausted.

**Let me reduce the stress, eliminate the guesswork and truly get your puppy’s life started off on the right paw!** Save your sanity and sign up for a Puppy Raiser Package *today*.

**Text or call me at 206-799-0521** to schedule your Initial Consultation.
